About Native

Since 2000, Native has worked with clients to develop authentic solutions to their sustainability challenges and to implement community-scale projects that reduce greenhouse gas emissions, strengthen clients' businesses, and contribute to progress on climate change around the world.

We construct unique project portfolios to meet climate goals, drive business value, and deliver tangible benefits to clients' stakeholder communities – from customers and suppliers to employees and shareholders. Our methods enable companies to put their sustainability strategies into practice by investing in new climate action projects within their supply chain.

Native's team of strategists, project developers, environmental scientists, engineers and legal counsel are devoted to strengthening the people, companies, and places at the heart of these initiatives, and we are seeking a marketing intern to join our team for the summer.
